To Whom It May Concern:

My name is Anthony Doan and I am a member of ZNA (Zen Nippon Airinkai So. Cal.) Association.

Everyday I love tending to my koi pond and taking care of my koi fishes. I highly recommend to others who have koi ponds, to use Aquabella Organic Aquaculture products.

Since having my koi pond, I've been raising my koi fishes for about 5 years now. After using Aquabella Organic Aquaculture products for 2 years I can see that the product helps my koi fishes grow bigger within a shorter period of time, compared to the first 3 years of raising my koi fishes.

From my experience, I truly believe that this product greatly reduce organic matters in the pond, making it cleaner for the koi fishes to live in. Using this product also saves me more money since I don't have to use expensive algae control products and antibiotics as much as before. I would recommend this product to all koi fish lovers because it has made raising koi fish more enjoyable now then before.

A handwritten signature in black ink, appearing to read 'Anthony Doan', written over a horizontal line.
